

FY 23-24 Zero Emission School Bus and Infrastructure (ZESBI) Incentive Project

Applicant Eligibility List

As of 12/18/2025

This Applicant Eligibility List reflects eligible applications received within the first application window (May 14, 2024 - September 30, 2024) and the second application window (October 8, 2024 - November 22, 2024).

Applications submitted during the first application window are ranked above those submitted during the second application window, regardless of priority tier. Applicants within each tier (Tiers 1-3) were ranked based on the timestamp of submission* of their completed Application Part A. Additional information on applicant prioritization can be found on page 8 of [CARB's ZESBI Implementation Manual](#).

Funding has been reserved for applicants indicated below. The "Funding Reserved" application status does not indicate funding has been awarded. All applicants that have been placed into the "Funding Reserved" application status, will need to submit additional documentation as described in [CARB's ZESBI Implementation Manual](#) and [CEC's ZESBI Implementation Manual](#), to be moved to the "Funding Awarded" application status.

Waitlisted applicants are not guaranteed funding, nor is there a guarantee funding will become available. Funding availability is based on demand, and any cancellations during the funding process. Should funds become available, the highest priority tier applicants from the waitlist will be selected, based on the timestamp of their completed Application Part A submittal, to receive incentive funding. The application window an applicant submitted their application to is not a factor in determining the waitlist ranking.

Applicants that were initially unable to take advantage of their reserved funding were added to the back of the waitlist for future opportunities. These applications are also ranked by tier and timestamp.

The ZESBI infrastructure award allows for a maximum of one ZESBI-funded charger for each ZESBI-funded zero-emission school bus. The number of chargers per applicant is not reflected below, as applicants do not finalize charger quantity until Application Part C.

If an applicant submitted more than one application during the second application window, their name may appear multiple times below.

*The timestamp on any application that is missing materials or otherwise deemed incomplete will not be recorded until all application materials are submitted. As a result, applications that were submitted within the second application window, but required corrections, may show a timestamp after November 22, 2024.

Applicant Prioritization List

List #	Local Education Agency	City	Priority Tier	Application Window 1 or 2	Application Submitted Date	# of School Buses	Application Status
1	Rowland Unified School District	Rowland Heights	Tier 1	Application Window 1	N/A	5	Funding Reserved
